Signs and other objects along highway right of way and MnDOT property

Why do laws regulate the placement of objects in the highway right of way?

Related links

Objects along roadways pose hazards for drivers and maintenance crews. Minnesota Statutes, [section 160.2715](#) says in part that it is unlawful to paint, print, place, or affix any object within the limits of any state highway.

Specific laws for advertising and other signs

The Minnesota Outdoor Advertising Control Act ([Minnesota Statutes, section 173.15](#)) prohibits advertising devices:

- on private land without the consent of the owner or occupant;
- on public utility poles;
- on trees or shrubs; and
- by painting or drawing on rocks or natural features.

The Federal Highway Administration office in Minnesota monitors Minnesota's compliance with federal highway beautification laws. State transportation employees are responsible for administering these laws on state highways and must remove signs that violate the laws. County, city, and township employees administer these laws on their roads.

Can I get my sign back?

Illegally placed signs will be removed. MnDOT is responsible for state highways, and county, city, and township employees are responsible for their roads. Local municipalities also have their own regulations, which may differ from city to city and county to county. [Contact your local MnDOT office](#) for help when

signs are being placed and specific highway right of way cannot be clearly identified. When improperly placed signs are removed by department employees, they will be temporarily stored. Please contact your local MnDOT office promptly to retrieve signs that have been removed..

What about flags?

MnDOT decides to display the U.S. flag at locations within its right of way. Out of respect for all that the flag symbolizes, flags that are displayed must follow U.S. flag code and be in compliance with MnDOT guidelines.
