

# 2026 Pavement Management Initiative

## BLACKBERRY TRAIL NEIGHBORHOOD

### Street Project Kick-off

The City of Inver Grove Heights is currently planning for 2026 pavement rehabilitation projects as a part of the citywide Pavement Management Initiative (PMI). You are receiving this flyer because the IGH City Council initiated for staff to study and evaluate the Blackberry Trail and Blackberry Bridge Path neighborhoods for street reconstruction.

In this first phase of the project, we will gather neighborhood and project information that will be helpful in the preparation of a feasibility study. As part of the preparation, City staff would like to engage with you and your neighbors because we value your input and feedback. Please see the open house information on the left to meet with staff and provide your knowledge and experiences related to the streets, storm drainage, water main, sanitary sewer and other elements of your neighborhood that should be considered as part of the study. A project schedule is also provided below.

#### OPEN HOUSE Blackberry Trail Neighborhood Road Project Kick Off

**THURSDAY,  
SEPTEMBER 12, 2024  
5-7 P.M.**

River Heights Chamber  
of Commerce Offices  
5782 Blackshire Path  
Inver Grove Heights

(You are welcome to arrive at  
anytime during the open house  
to view maps and provide input.)

Current project information will be kept on the PMI project web page. Scan the QR code below or go to to [ighmn.gov/Pavement](http://ighmn.gov/Pavement) and click "North Area" under **2026 Projects** for more information.
