NORTHWEST AREA OVERLAY DISTRICT

PRELIMINARY PLANNED UNIT DEVELOPMENT APPLICATION

(City Code Section 10-13J)

The following must be submitted prior to review and processing a request. If you have any questions, please contact the Planning Department.

- Prior to submitting a preliminary plat application, the subdivider shall offer to neighboring land owners the opportunity to meet with the subdivider to discuss the subdivision. All property owners within 350 feet of the property to be subdivided shall be notified of the neighborhood meeting in writing by the subdivider. The neighborhood meeting shall be offered to be held at least 10 days prior to filing the preliminary plat application, but no more than 30 days before filing the preliminary plat application. Minutes or a summary of the testimony presented by neighbors must also be submitted.

- A completed Planning Application Form with the appropriate fees.

- An Abstractor's Certificate with a list of names and addresses of the property owners within 350 feet of the property in consideration. In conjunction with the preliminary plat, where the property is to be rezoned from A, Agricultural, E-1, Estate Residential or E-2, Estate Residential, the list of names and addresses must include property owners within 1,000 feet of the property in consideration.

**An Abstractors Certificate can be obtained at abstract and title companies. Please note the abstract certificate may take up to two weeks to prepare.

- A written narrative describing the project including details such as product type, phasing, street connections, requests for specific areas of flexibility from the standards of the Northwest Area Overlay District Ordinance, statement by the applicant stating how the proposed Planned Unit Development conforms to the stated objectives and purposes of this section.

- For single family residential subdivisions, a park dedication fee of \$2,850 per lot is required for each resulting buildable lot. For multi-family residential subdivisions, commercial subdivisions, and all other zoning districts, the park dedication fee varies. Please see Section 11-4-6.

- All development in the Northwest Area shall comply with the Northwest Area Overlay District Title 10, Chapter 13J of the City Code.

- All development in the Northwest Area shall comply with the Northwest Area Storm Water Manual which is available through the City Engineer or on the City Website at www.invergroveheights.org.

- Proposed zoning changes with legal descriptions of any district boundary changes.

- Ten (10) folded full size copies, one set of 11 x 17 reductions, and an electronic version, if available, of the following information:
 - Certificate of Survey
 - Preliminary Plat prepared pursuant to Title 11-2-3 (see preliminary plat application)
 - Preliminary PUD Development Plan prepared pursuant to Title 10-13A including the following:
 - Site Plan containing the following:
 - Name and address of developer/owner
 - Name and address of architect/designer
 - Date of plan preparation
 - Name of project or development
 - Scale of plan (engineering scale only, preferably at one (1) inch equals fifty (50) feet or less)
 - North point indication
 - Lot dimension and area
 - Required and proposed setbacks
 - Location, setback and dimension of all buildings on the lot including both existing and proposed structures
 - Location of all adjacent buildings located within one hundred (100) feet of the exterior boundaries of the property in question
 - Location, number, dimensions, and type of surfacing material of existing and proposed parking spaces
 - Location, number, dimensions, and type of surfacing material of existing and proposed loading spaces
 - Curb cuts, driveways
 - Type of surfacing material
 - Vehicular circulation
 - Sidewalks and walkways
 - Location and type of all proposed lighting
 - Location of recreational and service area
 - Location of rooftop equipment and proposed screening
 - Provisions for storage and disposal of waste, garbage, and recyclables
 - Location, sizing, and type of water and sewer system mains, fire hydrants closest to the property and proposed service connection
- A completed Northwest Area Spreadsheet available through the City Planner.
- A development capacity plan as described in Title 10-13J-5.E
- Natural Area/Open Space Plan showing the boundaries of the required 20% open space, 75% contiguous open space and 50% undisturbed open space overlaid on the site plan and/or grading plan.
- Grading/Storm Water Drainage Plan including the following:
 - Existing contours at two (2) foot intervals
 - Proposed grade elevations, two (2) foot maximum intervals
 - Drainage plan including configuration of drainage areas and calculations
 - Storm sewer, catch basins, invert elevations, type of castings, and type of materials

- Spot elevations
- Proposed driveway grades
- Surface water ponding and treatment areas
- Erosion control measures
- Elements incorporated into plan consistent with the Northwest Area Storm Water development plan

- Landscape Plan including the following:
 - Planting Schedule (table) containing:
 - Symbols
 - Quantities
 - Common names
 - Botanical names
 - Sizes of plant material
 - Root specification (bare root, balled and burlapped, potted, etc.)
 - Special planting instructions
 - Location, type and size of all existing significant trees to be removed or preserved
 - Planting detail (show all species to scale at normal mature crown diameter or spread for local hardiness zone)
 - Typical sections in details of fences, tie walls, planter boxes, tot lots, picnic areas, berms and the like
 - Typical sections of landscape islands and planter beds with identification of materials used.
 - Details of planting beds and foundation plantings
 - Note indicating how disturbed soil areas will be restored through the use of sodding, seeding, or other techniques
 - Delineation of both sodded and seeded areas with respective areas in square feet
 - Coverage plan for underground irrigation system, if any
 - Where landscape or man-made materials are used to provide screening from adjacent and neighboring properties, a cross-through section shall be provided showing the perspective of the site from the neighboring property at the property line elevation
 - Other existing or proposed conditions which could be expected to affect landscaping

- A staging plan indicating the geographical sequence and timing of development of the plan or portions thereof, including the date of beginning and completion of each stage. The staging plan shall also include the number of dwelling units, commercial structures, public streets, utilities and recreation areas.

- Other Plans where applicable and where may be required:
 - Architectural elevations of all principal and accessory buildings (type, color, and materials used in all external surfaces)
 - Typical floor plan and "typical" room plan
 - Extent of and any proposed modifications to land within a wetland or Shoreland Overlay District
 - Wetland delineation report
 - Type, location and size (area and height) of all signs to be erected upon the property in question
 - Tree preservation plan where appropriate

CITY OF INVER GROVE HEIGHTS, MINNESOTA
PLANNING DIVISION

PROPERTY ACCESS CONSENT FORM

This is to certify that on _____, 20____, I, _____,
owner of property described as follows (address or legal description):

filed a request, (or authorized, by my signature, the filing of a request) with the Inver Grove Heights Planning Division for _____ on the described property. By filing the above referenced request, I hereby consent to permit access to said property, at any reasonable time, to members of City Staff, the Planning Commission, and the City Council for purposes of viewing the site and information gathering that is pertinent to the request.

Property Owner

Dated: _____

(Please return this completed form to the Planning Division at the time of application for your planning request. If the Consent Form is not returned with your Planning Application Form, it will be assumed that you do not wish to grant access to your property for the stated purpose. A copy of the Consent Form will be retained in the planning file relative to your case. The consent granted by virtue of this form expires upon final City Council action relative to your request.)

CITY OF INVER GROVE HEIGHTS

8150 Barbara Avenue
Inver Grove Heights, MN 55077
(651) 450-2545
www.invergroveheights.org

Dear Applicant:

As outlined in the Planning Application Form, the City of Inver Grove Heights requires a cash escrow deposit to cover all costs directly related to processing your application. These costs include City staff time, administrative costs, and costs for any consultants essential to complete the application's review.

The City makes every effort to minimize the cost of reviewing your application. To be most effective at this, it is important that you submit complete documents, plans, and designs. Incomplete submittals typically result in increased review time, and may require more of the City's consultants to become involved in the review. For example, if the City Attorney is required to draft legal documents that your attorney could draft, your escrow account would have to cover the City Attorney's time. Your own attorney may be able to complete the documents less expensively.

If your escrow deposit is depleted before the application is concluded, you will be required to make an additional deposit. In all cases, any negative balance in your escrow account will need to be paid prior to releasing City approvals of your application. Excess escrow will be refunded to you after final action is taken by the City Council and all billings are posted to your account.

Please contact the City Planner at 651-450-2554 if there are unanswered questions or you are unsure how to proceed.

Sincerely,

CITY OF INVER GROVE HEIGHTS

Acknowledgement by applicant that this letter has been read and understood:

Developers/Applicants:

The Northwest Area is unique due to its topography and stormwater management containment standards. The City of Inver Grove Heights' City Council has approved a pool of consultants for stormwater planning and design in the Northwest Area. The developer can choose to hire one of the consultants in the consultant pool to do the stormwater design, per the Northwest Area standards, or the developer can select a consultant from their own resources to do the stormwater design and provide the City with an escrow to hire one of the consultants in the City pool to conduct the review of the developer's design.

The contacts for the stormwater consultant pool are:

1. Brett Emmons, EOR Inc., 651-203-6003
2. Karen Chandler, Barr Engineering, 952-832-2813
3. Todd Shoemaker, Wenck Associates, 651-294-4585

Sincerely,

Thomas J. Kaldunski, P.E.
City Engineer
