Northwest Area Park Development Update

The city has signed a purchase agreement to acquire 6.4 acres of property that is located west of Argenta Trail and east of Argenta Court, directly across from Amana Trail. The city and Dakota County are also working cooperatively to transfer additional land adjacent to the property that will allow the park to be 8 acres in size. The city will go through a public process to determine what the park will include and will be inviting the public to participate in the process.

Please check our website for additional information at <https://www.ighmn.gov/88/Parks-Amenities>.
